Dear Ms. Houston,

Mr. Kozeny has asked that I communicate to you that, while he is appreciative of Mr. Handley's kind offer to temporarily caretake both Aspen Properties, he would prefer that the houses not be occupied.

I realise during the transition that it will be necessary to access the properties with various services etc, however, for security reasons, Mr. Kozeny would like to be assured that you will closely supervise any movements to and from both properties.

The properties at no time should ever be shown without his authorisation.

Thanking you in advance, and I look forward to working with you and your office.

Sincerely,

*Dorothy McNamara*
